

DIVINE FORTRESS

Cutting-Edge Wireless, Powerful and Dependable DIY Premises Security.

Home is Divine. Home is your Fortress. Relax. You can finally enjoy real security and peace-of-mind both at home and on the move. Divine Fortress is our nationwide, fully-featured Do It Yourself (DIY) mobile cellular-based wireless premises security solution with a host of powerful and innovative capabilities.

CUTTING EDGE WIRELESS SECURITY SYSTEM

Uses cellular instead of wires and communicates with all system hardware wirelessly for the ultimate in DIY premises security and monitoring.

MONITOR YOUR SYSTEM FROM ANYWHERE

From any smartphone or tablet, you can monitor and manage your system and even watch live camera feeds of your home or office.

QUICK & EASY FOR YOU TO INSTALL AND USE

All hardware can be installed quickly and easily. Conveniently and quickly setup and configuration your system from your smartphone or tablet.

The entire system (including cameras) operates wirelessly and even communicates with you outside your home using the latest in nationwide cellular technology for instant calls and text (SMS) notifications. It installs easily in minutes and can be setup and configured just as quickly from any smartphone or tablet.

DIGITALLY SECURE YOUR DIVINE FORTRESS LIKE A FORTRESS.
