

SPIRIT

The Rules for Wireless Service Have Been Rewritten!

Make no mistake about it, not all mobile phone services are created equal. Through premier relationships, our mobile phone platform operates on some of the most advanced and largest nationwide and international mobile phone networks in the world.

The Data Plans and Speed You Need

Our wireless platform is comprised of the fastest and largest 4G LTE wireless broadband networks in the world, so you can enjoy great coverage and premium high-speed Internet right through your smartphone, tablet, laptop or MiFi data devices.

Unlimited Nationwide & Global Calling

Powered by GeneSys® and our exclusive Spirit WorldSM Global Calling App, you have the freedom to make unlimited free or low-cost international phone calls to 50+ countries 24/7/365 days a year from your Android-powered Spirit device. Spirit World is the perfect solution for satisfying all of your domestic and international mobile communications needs.

Seamless Nuclius TV Access

With Spirit as your wireless provider, you can stream your Live TV, Cloud-based DVR movies & shows, Video-On-Demand movies, Pay-Per-View, digital music and more to your smartphones and tablet devices while on the go anywhere in the world.

"My Wife and I have personally saved over \$2500 these past 4 years by making the switch to Spirit mobile! On top of that, imagine how fun it is to receive a "thank you" check from Triniti every time we refer others who want to save like we did! So simple...So Easy...So like Triniti Communications! "
